

"INSULT TO INJURY" VIDEO

Victorville, CA (June 3, 2005) -- California Federation of Teachers has produced a video that takes a critical look at Governor Schwarzenegger's pension "reform" ballot initiative. Even though Schwarzenegger has withdrawn the initiative from circulation, the battle over pensions is not over. It is likely that the Governor will now pursue his pension reform through the legislature.

Insult to Injury is a 15 minute video on the governor's pension proposal produced by the CFT, starring CFT members and State Treasurer Phil Angelides. You can order a copy of the video by e-mailing cftoakland@igc.org. Specify whether you want DVD or VHS. Or, you can view the video by clicking on one of the links below:
